

OMAIB Round 2

What we're looking for

- Benchmark datasets, tasks, metrics, & baselines
- Align with one or more TERC areas
- Reflect real-world deployment relevance
- Share outputs openly (code, data, docs)
- Involve industry and end-users

Funding and duration

- Total funding: **£320,000 (doubled)**
- Up to **£40,000** per project (80% FEC)
- Project duration: up to 12 months
- Up to **8 projects**
- Emphasis on cost-effectiveness

EOL screening

- Standard EPSRC eligibility criteria
- At least one industry partner
- Engagement with one end-user
- Openness: code/data shared openly
- Experience with benchmarks or open research
